

# 2018-2019 INNOVATIVE EDUCATOR GATE PARENTS GROUP GRANT APPLICATION

The GATE Parents Group offers grants to San Mateo Union High School District teachers to support highly innovative projects with significant potential to impact GATE students. This grant is for projects that have never received funding from the school district, school site or GATE Parents Group. Grants will be awarded based on innovation, project originality and the ability to impact GATE students. Projects that can be piloted and then shared with other schools and/or classrooms are of particular interest to the GATE Parents Group.

## SUBMISSION PROCEDURE:

1. Teachers who teach GATE students in their course or who teach Advanced Standing, Honors, Advanced, AP or IB classes, should complete **ALL** parts of the grant application and **attach estimates or invoices** to it and then forward it to their principal and the GATE Parents Group for review.
2. Teachers and principals will be notified of the Board's decision within 15 business days after a Board meeting.
3. Applications will not be accepted after February 1, 2019.

By submitting an application, the teacher agrees that if he/she is awarded a grant he/she will complete and submit the GATE Grant Report within 30 days after the end of the project. The Grant Report will specify how the funds were actually spent and how the students benefitted. This enables the GATE Parents Group to learn about the effect our investments are making in the schools in the SMUHSD that we support. Questions? Please contact the GATE Parents Group at [gategrants@gateparents.com](mailto:gategrants@gateparents.com).
